

TWENTY-FIVE YEAR WARRANTY ON POWER OUTPUT OF AFTERMARKET PV MODULES MANUFACTURED & Distributed by ITC Solar.

TEN YEAR LIMITED WARRANTY ON MATERIAL AND WORKMANSHIP OF AFTERMARKET PV MODULES MANUFACTURED & Distributed by ITC Solar.

1. ITC Solar warrants the following for any module with a nameplate nominal power output of more than 150 Wp:

If a photovoltaic module carrying this Warranty (a) exhibits a power output less than 90% of the minimum rated power during the first ten (10) years, or (b) any module exhibits a power output less than 80% of the minimum rated power within twenty-five (25) years from the date of sale to the original purchaser, then provided that such loss in power is determined by an independent test authority such as ENREL or TÜV to be due to defects in materials or workmanship, ITC Solar at its option, will repair or replace such modules. ITC Solar warrants that the photovoltaic modules carrying this Warranty are free from defects in material or workmanship or other malfunction or failure to perform (hereinafter "defect") for a period of ten (10) year from the date of the original purchase.

This Warranty is subject to the following limitations:

2. **Scope of Coverage:** This Warranty applies to new ITC Solar modules, and is extended to the original end user only. This Limited Warranty is not transferable by the Original End-User, except to a subsequent owner of the solar power facility at which the Product was originally installed and remains installed, provided that this solar power facility has not been altered in any way or moved from the structure or property at which it was originally installed.
3. **Time Period:** For Power Output, this Guarantee period begins on the original purchase date and terminates twenty-five (25) years and ten (10) years, respectively, thereafter. For Materials and Workmanship, this Warranty period begins on the original purchase date and terminates two (10) years thereafter.
4. **Determining Rated Power Output:** Rated power output value is determined under standard test conditions of cell temperature of 25 degrees Centigrade and incident irradiance of 1000 w per square centimeter and AM-1.5.
5. **Exclusions:** The preceding Warranty and Guarantee does not apply:
 - A. To conditions resulting from a defect in a component which is not part of the ITC Solar module.
 - B. To conditions resulting from installation procedures which do not significantly conform to accepted industry standards.
 - C. To conditions resulting from any misuse, abuse, negligence or accident, storm, lightning, weather, Acts of God, or any other events beyond the control of ITC Solar.

-
6. **Incidental Damages:** This Warranty is the owner's exclusive remedy and in no event shall ITC Solar be liable for incidental or consequential damages in any way connected with the ITC Solar photovoltaic module. Some states do not allow the exclusion or limitation of incidental or consequential damages so the above limitation may not apply to you. This Warranty gives you specific legal rights and you may also have other rights which vary from state to state.
 7. **No Other Express Warranties:** Unless otherwise explicitly agreed in writing, it is understood that these are the only Warranties given by ITC Solar. ITC Solar neither assumes, nor authorizes anyone to assume for it, any other obligations or liabilities in connection with the module.
 8. **Proof of Purchase:** To ensure proof of ownership and date of purchase, you will need to provide the following information in order to be eligible under this Warranty: an invoice or bill of sale indicating your name, type of PV module purchased, serial no. and date of purchase.
 9. **Claims:** To obtain service on the module, notify ITC Solar by telephone, email or letter at 5666 LA JOLLA BLVD #122 LA JOLLA CA 92037 location. To verify that your Warranty is still in effect and obtain service, you should provide the module type, proof of purchase, serial no. and the nature of the defect. If ITC Solar determines a defect occurs during the Warranty Period affecting the functionality of the Product, ITC Solar will, at its sole option:
 - Repair the defective Product; or
 - Replace the Product with an equivalent product; or
 - Refund the current market price of an equivalent product at the time of the claim.

ITC Solar will not be responsible for reimbursement of the inbound freight and / or outbound freight cost of the replacement module delivered to the owner. ITC Solar will not be responsible for the costs of removal or reinstallation of the module.

ITC Solar Products are exclusively distributed by:
